2

- 100% Acceptance of All patients you wish to begin treatment
- Scheduled monthly payments for collections done
- Direct Credit of all payments into your bank account
- Significantly reduced administration
- Managed and improved cash flow
- We chase delinquent accounts

3

- Simply register your practice and you can start offering Medipay to your patients
- There are no approvals, assessing applications, inputting data etc., and all of the associated administrative cost that go with these functions
- As, we do all the work Medipay frees your staff to spend time doing what they do best – Building patient relationships and providing excellent patient care rather than asking for or chasing patients to pay bills
- Medipay is an attractive “No Interest Payment Plan” for your patients. Therefore the continuity of your existing patients is seamless and all other patient services remain the same
- We make the payments into your nominated bank account via direct credit. This reduces other practice debts, credit card fees, merchant charges etc.
- Cost to the Doctor/Practice is a one off payment based on the scheduled payments disbursed to the Doctor by Medipay.
